

Volume 41 Issue 3 July 2014

WWW.handicappedtravelclub.com

A big shout out to all my fellow HTC members. I hope this issue of your newsletter finds all of you healthy. This will be our last newsletter before our 2014 annual rally in South Dakota, so I hope you are making plans to attend. Mark Neurohr will be our wagon master, and he is working hard to make this a successful rally.

Last month I had asked the membership to find some businesses that might want to put an ad in our newsletter, so I am reminding everyone again. We did lose one commercial account, and I am not sure what Nor Cal will do now that they have been bought out by "Mobility Center".

Don Bonney is doing a great job as our treasurer, and is a good steward of our money. We have a respectful balance on our books.

Thanks to Teresa Bartz for doing a great job on our newsletter. So drop her line and let her know how much we appreciate her efforts.

I will close for now. So be good to yourself and be good to each other.

See you down the road. Roland

I am very sadden to report the death of Dottie Sanderson on Monday, June 6th of this year. Dottie had a heart attack and died in her home in Glendale, Arizona. She and her husband, Jack, joined HTC sixteen years ago and have been very active in the club until Jacks death. Dottie kept active in the club and attend the Mesa Lunch Bunch and was in attendance at the national rally last year in Surprise Arizona. We are going to miss her cheerful laugh and smile. Dottie was 78 years old. Good Bye Dottie.

Eugene "Gene" DeLong

Condolences to Genevieve White for the lost of her son Eugene who has died in an auto accident, June 16.

Lunch Bunch

The Mesa Lunch bunch chapter has their monthly luncheon at the Iron Works Country Club on Thursday March 8. What a good turnout with 20 people attending. The conversion is already starting about our rally in September at the Hart Ranch RV Park in South Dakota. I know Mark is hard at work to make it a big success. The Iron Works is located in Glendale, AZ and is one of our favorite spots. Those present were: Nancy Burkhart, John Gilbertson, Jim & Jeanine Eberle, Larry Adams, Dottie Sanderson, Barbara Najarian, Mary Bailey, Jim & Olivia Bley, Leon & Pat Schwalbe, Clark Bostwick, Earl Brown, Roland, Carroll & Jenni Winters and all the way from Ohio, Vance Roth. Next time you are in Arizona come break bread with us.

The Mesa Lunch Bunch chapter has their monthly get together on April 3rd at the Black Bear Diner in Mesa. We had a good turnout, however we did miss Clark who was on a cruise.

It was another beautiful day in Arizona. The discussion has already started on our upcoming rally in South Dakota. These present were: Nancy Burkhart, Sandra and Tom Brice, Jim and Jeanine Eberle, Roland, Carroll and Jenni Winters, and Ed and Jane Crawford. The restaurant is new on our rotation list, but what a great job they did, and the food was good.

Lunch Bunch

The Mesa Lunch Bunch chapter had their monthly get together in May at The Iron Works Country Club on Thursday the 1st. This is one of our favorite places to eat and the service is great. We had a good crowd of 14 and a lot of the conversation was about our rally in South Dakota. Some of our gang will be headed to cooler climates. In attendance were: Clark Bostwick, Earl Brown, Nancy Burkhart, Dottie Sanderson, Larry zadams, John Gilbertson, Ed & Jane Crawford, Roland, Carroll and Jenni Winters, Jim & Jeanine Eberle. If you are out our way stop and have a lunch with us.

Hemi-walker (also known as hemi-cane, side-stepper cane, side-style hemi-walker)

A mobility device. Those needing a hemi-walker generally have one-sided weakness, balance or endurance problems which require more help than a cane could offer. The Adult Hemi Walker is designed for patients with limited or no dexterity in one arm or hand. It also provides support to those needing an assistive device because of limited use of one leg (as long as you are allowed to put weight on that leg). It has a much larger base of support than any of the types of canes, and with this wider base, you can push down on it for much more help with balance. Can be used on a variety of surfaces, and stairs, steps; has a rubber grip covering the handle; and additional lower grip to help with getting up from sitting; legs have Slip-resistant rubber tips; Compact size for easy storage and transport; Anodized aluminum tubing; Product Weight Capacity: 250 lb; This lightweight walker combines support and stability, yet is easy to lift and maneuver, even with one hand. \$20.00 email: bosells2u@gmail.com

Wheelchair accessible, 1995 Fleetwood Southwind Diesel Pusher. 88,000 miles. We bought it in Mesa AZ in 2006 and had a new fuel tank built so a Braun Under Vehicle Lift could be installed under a new wider side door. Using the one door for both the lift and regular entry saves interior space, as, once the lift is retracted into the drawer, there's no hint it is an adapted RV, until you notice the raised toilet, the extra grab bars and modified shower. For passengers who can transfer, the passenger seat has been modified to swivel and lock to make transferring easier. It has a 330 Cummins Turbo Diesel engine with a 6 speed Allison transmission - a joy to drive. There's also a diesel generator, 2 air conditioners, 2 furnaces, 3 burner stove top with oven and a really good microwave. When dry camping, there's a 3000 watt inverter. This unit also has a clothes washer and dryer. There are no hand controls for the driver, but that would be an easy thing to do. It had a new roof 3 years ago and is ready to roll. It is a wide body, so no slide outs. (Less to go wrong.)

We're selling it because my wife is now a nursing home resident and unable to travel. We're in Canada, so it might be a nice trip for some of you US folks.

Asking price is \$29,500.00 or best offer Canadian Dollars.
